

Rhein Radar Farting Huskies & Team Australia

present

Kreischberg 2026

51st GOLDEN FLIGHT LEVEL

JANUARY 17 - 24

GET TO KNOW THE PRESIDENTS

Dear friends and GFL family,

First of all: **THANK YOU!** Once again a huge shoutout to Per and his team for putting together an unforgettable GFL this year. And of course, to all the other OCs – we already know just how much effort goes into organizing a GFL: because now it's our turn!

Rhein Radar has been part of the GFL family since the very beginning and we personally have been on this incredible journey for over ten years. The first thoughts of hosting our own GFL came up at the Pre-GFL in Malmö 2018, and by 2020 - when we won the Team Spirit Award in Laax with the Rhein Radar Farting Huskies - we knew: **One day we wanted to host a GFL ourselves.** To give back, to take responsibility and to create a legen – wait for it – here it comes – almost there – and we hope you're not lactose-intolerant because the second half of the word is – dary GFL experience. (No worries: lactose-free options will be available!)

And now the time has finally come!

We've put together a highly motivated organizing committee - a mix of old rabbits and (not-so) innocent rookies - including our friends from the Ski Team Control Australia, who have quickly become part of the Rhein Radar family. Together we are already deep into planning and one thing is clearly certain: **GFL Kreischberg 2026 will be something truly special!**

Our vision is to have the entire GFL family united in one chalet park. With over 100 chalets, (hopefully) more than 40 teams from over 25 nations, everyone will be together, like neighbors in a village – our very own GFL Olympic Village! And if you ever forget which chalet you're staying in, just knock on any door - you're guaranteed to have an unforgettable night!

We hope you're ready for this – we can't wait to welcome you all in January 2026 to Kreischberg for **another week of making unforgettable GFL memories together!**

Lenni & Stefan

THE VISION

Every team will be housed in either a chalet, suite or pool villa. This will feel like your very own cosy retreat, a home away from home with an extended family (hopefully without the usual family fights). You will need to remember to pack your swimwear as every accommodation will have access to either a sauna, pool, jacuzzi or hot tub.

The GFL will be held at Kreischberg in Styria region of Austria (You heard us correctly Austria not Australia). The slopes consist of 42km of perfectly groomed slopes from 860 to 2,120 meters above sea level. The mountain is well balanced to cater to all skill levels.

The OC has put together what we believe to be a fair, realistic yet competitive package. The 2026 GFL package price is 1489€ which already includes the €300 OC fee. We have decided to implement a single price package for everyone, despite the fact that not all of the accommodation options are exactly the same. This year's registration deadline is May 11th. Keep annoying your captains to ensure you get your spot before it's too late.

Cancellation Dates and Conditions

If you cancel we will set the dogs on you, but if you really can't join us we offer the following cancellation conditions.

Cancellation before	Cancellation fee
June 30th 2025	OC fee of €300
October 17th 2025	€750 (including OC fee)
Cancellation after	Cancellation fee
October 17th 2025	Full GFL Cost

If we have applicants on the waiting list who are willing to take over the vacant slot, the primary applicant can be withdrawn without a fee. Name changes are also allowed without cost.

Total
€ 1,489

*you can easily resupply in the village

OUR CHARITY

Lebenshilfe Murau is an association that supports people with disabilities to live independent lives. We operate several day workshops and residential homes.

We want to help people and animals in need in a straightforward and needs-based manner. We particularly support the education and basic care of poor children in Africa and help homeless people in our neighborhood.

We inform and support affected parents and their families before, during and after miscarriages, stillbirths and abortions. We offer space to deal with fears, worries and grief.
